

Screen Industries Research and Training  
Centre (SIRT)  
Sheridan College  
📍 Toronto, ON

ABOUT SIRT

Sheridan College’s SIRT Centre is proud to support innovation in Ontario’s film, television and interactive media cluster through applied research, access to cutting-edge technology and a 10,000 sq. ft. innovation centre located at Pinewood Toronto Studios. This Canadian Technology Access Centre (TAC) acts as an industry/academic collaboration hub dedicated to the development and adoption of new technologies, processes and skills. SIRT’s work in Virtual Production, Mixed Reality and Intelligent Virtual Humans is at the forefront of immersive media and highlights the evolution of storytelling for the next generation of content creators.
